I, _____, the owner or agent representing the owner ("Property Owner") of the improved real property described below ("Property"), do state that I have the authority to execute this Entry Permit to Remove Graffiti and Release of Liability ("Permit") and do authorize the City of Corona and its employees, agents and contractors ("City") to enter upon the Property to remove the graffiti located thereon under the following terms and conditions:

1. This Permit shall be valid from the _____ day of _____, 20____ to one year later, unless terminated or extended in writing by the Property Owner ("Term").

2. This Permit authorizes the City to enter upon the Property with any personnel and equipment deemed necessary by the City in order to remove, reduce and/or obliterate the writing of graffiti anywhere on the Property ("Graffiti Removal"). Property Owner understands, acknowledges and agrees that the City may accomplish the Graffiti Removal by the use of steam cleaning, sandblasting, painting, solvents, or other procedures and/or materials commonly used for such Graffiti Removal.

3. Property Owner understands, acknowledges and agrees that he/she has not caused, allowed or permitted the placement of graffiti on the Property, and that he/she will cooperate with the City in: (A) ascertaining the identity of the person or persons responsible for said graffiti; (B) prosecuting said person or persons; and (C) collecting from said person or persons any costs incurred by the City to which it is entitled under applicable law for its Graffiti Removal efforts.

4. Property Owner understands, acknowledges and agrees that the painting portion of the Graffiti Removal process will involve matching the existing surface color to the degree possible with the City's color matching technology, and that it may be done in blocks or strips only where the graffiti appears and that the affected area may not match the existing color precisely. While the City will make every effort to make most paint-overs virtually undetectable, the City assumes no responsibility if colors do not match.

5. Property Owner understands, acknowledges and agrees that this Permit is given for the removal of the current incident of graffiti and all future incidents of graffiti which occur within the Term of this Permit, so long as the ownership of the Property does not change, and that City is not obligated to obtain written verification of continued ownership during the Term. Property Owner authorizes the City to obtain oral verification of continued ownership during the Term prior to removal of any subsequent graffiti.

6. Property Owner understands, acknowledges and agrees that the City shall not be liable to the undersigned for any damage to person or property (real or personal) occasioned in the Graffiti Removal process, including damage to the Property Owner's person or property.

7. Property Owner understands, acknowledges and agrees that the City does not guarantee either the workmanship, results or the success of the Graffiti Removal services, and that the City and its officials, officers, employees, agents and contractors are hereby forever released from any and all claims, damages, actions and suits that the Property Owner or his/her heirs or successors in interest may have by reason of the failure of City to perform said Graffiti Removal services in a satisfactory or workmanlike manner, by reason of the failure of City to exercise ordinary care resulting in damage to Property Owner's person or property, or by reason of any activities related to the City's Graffiti Removal services.
